PRINCIPAL’S REPORT
GROWING WITH THE COMMUNITY

We are here to support the academic, social and emotional development of our students to be resilient to the challenges of a rapidly changing society.

SPECIAL THANKS

Each term there are a number of special events that would not have been possible without terrific organisation and generosity of time and resources of staff, students and families. Each time we hold a special event or seek assistance we are reminded of how special the CPS community is.

1. The sterling efforts of our PFA in organising last week’s 125th birthday cocktail party. It was a lovely way to acknowledge this milestone for our school with the evening having a real community feel. Special thanks to Leesa Needham, Lisa Anastopoulous, Wendy McMillan, Annie Besnard and Steve Grimwade for overseeing this event from start to finish.

2. Our staffroom was a hive of industry last week, organising a splendid array of delicious goodies to sell at the Carnegie Street Festival that was held on Saturday. Thank you to Selina O’Sullivan and our PFA for organising the cake and gingerbread making classes over recent weeks. We would like to extend our thanks to all of our mums and dads who baked, decorated and wrapped in preparation for this stall. Thanks also to those who so generously donated their time to man the stalls and do the selling on the day. I’m sure many locals will enjoy their delicious purchases.

3. Three of our four 2014 Prep Orientation sessions have occurred. Mrs Thompson, Mrs Oosterbaan, all staff and students, particularly those in the senior school, have done a sterling job to ensure all has gone smoothly. Special thanks needs to go to our uniform shop volunteers for giving so generously of their time – Sharon Marasco, Kristen Howell, Marisa Mowszowski, Donna McNamara and Rosalie Ouslinis.
PLANS FOR 2014
At this time of the year, many hours are put into making well considered plans for the upcoming year for staff and students alike. The majority of staff will remain but we will also be warmly welcoming new teachers and support staff to CPS next year. Over the next few weeks, final staffing decisions will be made and 2014 homeroom groups organised. Students and families will be informed of 2014 staffing and grades on Tuesday 17th December. On this day children will spend a short amount of time in their new homeroom groups and classrooms for 2014.

As mentioned previously we will run 20 classes, one more than this year. We will have 4 prep grades, 3 grade ones, 3 grade twos, 3 grade threes, 3 grade fours and two grades each of fives and sixes. Additional teachers and Education support officers will be in all teams at varying time fraction depending on class structures. In some areas this support will be quite significant. This will ensure the most appropriate and effective teacher pupil ratios at all the key times.

It has been decided that due to the grade structures the year 5/6 students will move to the upstairs classrooms in the main building and the 3/4 students will move to the 6 portable classrooms.

TWO CARNEGIE CHAMPIONS
Jake P in grade 4B has this week received an amazing award. He has been announced as the top student in Victoria of those who sat the University of New South Wales ICAS assessment in English for grade 4. Yesterday Jake attended a ceremony in the city to be presented with a medal to commemorate his achievement. He was very proud to accept it in front of his parents and his Assistant Principal. The annual ICAS tests are a nice way for some students, who choose to do so, to challenge themselves in an academic pursuit. Carnegie students often do wonderfully well and receive credits, distinctions or even high distinctions but on this occasion Jake blitzed the field and we acknowledge this outstanding achievement. Congratulations, Jake.

Imogen B in grade 6A has also achieved an outstanding win in a national competition. Imogen entered a creative writing piece in the short story section of the online Write4Fun Schools Writing Competition. Imogen did herself, her family and her school proud when she was judged the national winner from well over a thousand entries. She received some fantastic prizes for herself and her school. Congratulations, Imogen. Your writing is amazing.

AND ANOTHER LITTLE CHAMPION IN THE MAKING
It is with great excitement that Ms Abbey Pomeroy and Mr Marcus Champion announce to the Carnegie community that they are expecting their first child early next year. We congratulate Abbey and Marcus on this wonderful news. Abbey will remain working with us until the end of term 1 next year before taking maternity leave for the remainder of the year.

PARENT HELPERS’ MORNING TEA – 10th December
We wish to invite all our wonderful 2013 helpers to a small morning tea at 11am on Tuesday 10th December. As in previous years, we will be holding this event in the hall. We know it is becoming a busy time of the year but we hope many of our helpers are able to join us.

END OF YEAR FAMILY PICNIC – Tuesday 17th December
Our End of Year Picnic and Concert is on Tuesday 17th December under the trees between our portable buildings. The evening will begin after 5pm with the PFA sausage sizzle. It will be a laid back evening with the children performing in whole grade levels to ensure the concert is short and sweet. The children are excitedly preparing their items in their year levels. We look forward to seeing all our families at what is now a time-honoured celebration of the school year.
REFLECTIONS ON CAFÉ READING

During the last two weeks, as Michael and I met all of our staff for individual meetings, our teachers have extolled the virtues of the new CAFÉ reading approach we have embarked on in our literacy sessions. They all feel it has been a wonderful success in getting all students more engaged in their reading and in seeing them enjoy it more as they become more confident. The teachers have also invited feedback from their students and one particularly endearing reflection was from Liam C in 6B which I am delighted to share with you.

This year has been my first year of CAFÉ reading. When I heard the name CAFÉ reading in my head I thought “Boring, I hate reading”. Then we started to try and sustain our reading for 5 minutes but we couldn’t even do one minute! As the weeks went by and I started to read more and more books of different genres, we all got so much better. By the end of the program I am now a lot better at reading and I now get excited by reading books that I enjoy.

I think that CAFÉ reading has helped me to become a better reader. When we had to set reading goals I found it really hard because I had so many things that I felt I wasn’t good at in reading. That’s one of the reasons I didn’t like reading because I was not good at it. Then I found that setting goals helped me to improve my reading.

I think that CAFÉ reading is a lot better than just a 10 minute silent reading session in the morning because we read, talk about strategies and complete creative activities to help us.

My favourite part of CAFÉ reading was focusing on the plot/theme/characters/setting/time because it helped me to actually read my book so that I could find out about all of these things. Overall, I think this program has helped me to become a better reader and it has taught me strategies to improve my understanding and my fluency when I read.

STAFFING NEWS

I will be taking a short period of Long Service Leave from 2nd till 6th December to travel to Penang to meet my daughter who has spent the last 6 months overseas. I am extremely excited about seeing her after such a long time away and very much looking forward to having the time together to chat about her numerous adventures. Michael will be stepping up to be the Acting Principal while I’m away and Marcus Champion will be stepping up to be Acting Assistant Principal.

PLANNING PERMIT OBJECTION

The school has been notified of a planning permit application for 21-25 Truganini Road Carnegie which encompasses the three houses immediately next to the kindergarten.

The application is to construct a four storey residential building comprising 42 dwellings plus basement car parking.

We believe this construction, if allowed to proceed in its present form, would have a detrimental impact on our school and the safety of students commuting to and from school.

Our specific concerns with the development are:-

- Its potential to overlook and overshadow the school playground
- Increased resident and visitor parking in Truganini Road
- Car access to the units via Truganini Road creates a further hazard for pedestrians walking to school
- Increased traffic through Truganini Road / Carnegie school & pre-school zone
- Unchecked development of Carnegie without accommodating infrastructure e.g. Our school numbers are already nudging towards capacity

This is one case where the school, through the School Council, has decided to take a stand
by registering our objection and by encouraging our community members to follow suit to try to ensure an appropriate outcome.

Therefore we have chosen to communicate with our families to inform you of this matter and to invite you to add your support personally by registering your objection.

You can obtain a copy of the Notice of Planning Permit application by clicking on a link on the school website at:

www.carnegieps.vic.edu.au

Paper copies are also available at the office.

WORDS OF WISDOM – A smile is a most beautiful silent statement.

THE NEW STRICT PARENT – IS THAT YOU?
Parenting Ideas by Michael Grose

The definition of a strict parent has changed over the last decade. Do you fit the bill?

‘Your parents are so strict!’ Some parents in years gone by wore the label of ‘strict’ parent like a badge of honour. It signified parents who were willing to stand their ground with kids.

Strictness was reserved for parents who put boundaries in place and made sure they were adhered to, such as being home on time, or not watching too much TV.

There’s a now a NEW definition for a ‘strict’ parent. A ‘strict’ parent today is now someone who makes children do things for themselves and insists they help at home. They insist their children put their dirty clothes in the laundry, and maybe even wash their own clothes. They insist kids make their own lunches in secondary school. They insist that their kids set the meal table without giving them a cent in return.

‘Strict’ now refers to getting kids to help rather than placing restrictions on them.

Many parents tell me that they get funny looks when their children help them with the supermarket shopping. When their kids walk a kilometre home from sports or a leisure activity they are made to feel like neglectful parents. How bizarre!

New normal

The new parenting normal is for parents to do a lot for your kids, rather than kids do things for themselves. Anyone who strays from this new normal and develops real independence in their children can be made to feel guilty ... because they are strict!

Nobody feels like doing chores, but tackling hard things such as doing chores when you don’t feel like it builds character. It develops a bit of grit that kids can draw on later when they will really have to push against adversity.

Do less, not more

The job of parents is to make themselves redundant for their kids – not in a relational sense, but in a managerial sense. There is nothing revolutionary about this idea. It’s been the aim of parents since the dawn of time. That means we spend a lot of time teaching kids self-help skills (now known as life skills), which are the ordinary gist of life.

The NEW strict parent - is this you?

These include teaching young children to tie their shoelaces and helping primary-aged kids to ask for what they want from adults. They also include coaching teenagers to negotiate their way safely on public transport and to problem-solve relational issues they may have with teachers at school.

These are not the activities of ‘strict’ parents. Rather they are the activities of parents who understand that one of their key roles is to equip kids to stand on their own two feet in the world outside the family home.

The fact is that the best place to do this is within the family. And the best time to start developing independence is from a young age ... when kids are up for it developmentally.

Don’t wait until your children are 18 to develop self-help skills. If you introduce self-help then, my bet is they won’t think you are strict ... they’ll think you’ve been a soft touch all along and they’ll now battle you all the way!

But that’s a story for another day.

In the meantime, if the definition of ‘strict’ has changed then I urge you to be strict! Your kids will thank you ... later on, when you’ve equipped them with the problem-solving and independence skills needed to negotiate the wider world without you.
SECOND HAND UNIFORM STALL
Probably a good time to go through the cupboards and donate those surplus uniform items (especially our grade 6s ready to move on from the school) to the Second Hand Uniform Stall. Usable clean items can be left at the office. The last stall will be held:

Tuesday 10th December – 9.00am under covered walkway.
