PRINCIPAL’S REPORT
GROWING WITH THE COMMUNITY
Welcoming, Engaging and Achieving

We are here to support the academic, social and emotional development of our students to be resilient to the challenges of a rapidly changing society.

TERM 4 SHARING AFTERNOON
Wednesday 10th December
On Wednesday, 10th December we will be offering an open afternoon from 3:15pm until 4pm for children to share their classrooms and some of their term’s work as the year draws to a close. This is an opportunity for your child to celebrate some of their achievements with you and for parents to come into classrooms for a look around as well as a time for children to talk about some of their learning. We look forward to seeing you there.

HELPERS’ MORNING TEA
Tuesday 9th December
We wish to invite all our wonderful 2014 helpers to a special morning tea at 11am on Tuesday, 9th December. As in previous years, we will be holding this event in the hall. We know it is becoming a busy time of the year but we hope many of our helpers are able to join us.

END OF YEAR FAMILY PICNIC
Tuesday 16th December
Our End of Year Picnic and Concert is on Tuesday 16th December under the trees between our portable buildings. The evening will begin at 5pm with the PFA sausage sizzle. It will be a laid back evening with the children performing in whole grade levels to ensure the concert is short and sweet. The children are preparing their items in their year levels. We look forward to sharing this night with families as it is a time-honoured celebration.

REFLECTING ON 2014
At this time of the year, it is timely to reflect on the year whilst making goals and priorities for 2015. At all
times we welcome parent input in our school community and therefore I invite parents to share their opinions with us. I have attached a sheet to today’s newsletter that you may like to consider completing and returning to school. The three questions posed are – What elements of our school are you most pleased with this year? What would you like to see as priorities for 2015 to continue to meet the learning needs of your child/children? Are there any specific areas where we could improve? Thank you in advance to those who choose to complete this. Your feedback is much valued.

CHANGES TO THE EDUCATION MAINTENANCE ALLOWANCE 2015
The final payment for the 2014 EMA was made in August 2014. From 1 January 2015, parents will not be able to apply for the Education maintenance Allowance. The end of the EMA direct payments to parents will not affect any other payment which parents may be receiving such as the Schoolkids Bonus, which is provided directly to eligible parents to assist with education costs.
The SchoolKids Bonus will continue until the end of 2016. This will allow families time to adjust to the change. The last instalment will be paid in July 2016. An income test will also apply to the SchoolKids Bonus starting on 1 January 2015.

IMPORTANT DATES FOR YOUR DIARIES
Just letting families know that Wednesday, 28th January and Thursday, 29th January 2015 are pupil free days with year 1 to 6 students commencing their 2015 school year on Friday, 30th January with our new preps joining us on Monday, 2nd February. Please pop these dates into your diary.

TRUGANINI ROAD DEVELOPMENT
As many of you are well aware, the Truganini Road multi storey unit development is in full swing. There continues to be parking, traffic and safety concerns, particularly at school and kinder pick up and drop off times and I do remain in contact with staff from the Steller Group to try to address concerns. If parents have specific concerns, I encourage them to contact the City of Glen Eira or the Steller Group, whose number is displayed at the site. At these more difficult times, it is even more vital that our own parents are respectful in following the road and parking rules to facilitate delivery of students to and from school and to ensure that their safety is paramount.

WORDS OF WISDOM – A helping hand is no further than the end of your sleeve 😊

1. Birth order matters
Birth order is something parents need to work with. If you disregard the birth order of your children you are overlooking a vital piece of your parenting puzzle. For instance, research has shown that eldest children tend to experience greater mental health problems, particularly anxiety, than children in any other birth position.

2. Positive peers matter
Recent research I was involved in demonstrated that the wellbeing of teenage girls is highly influenced by their peer groups. A positive peer group usually equated with high life satisfaction regardless of what other factors were at play.

3. Parent mental health matters
If you want happy kids then you need to get yourself happy. Parent anxiety and depression is linked to behavioural problems in kids; it also makes our parenting less effective.

4. Sibling relationships matter
Research shows that over the long haul healthy relationships makes kids happier. But how do you go about teaching kids to get on? Start by encouraging children to build small acts of kindness, which builds empathy.

5. Developmental matching matters
A number of studies have shown that much of what is considered 'poor parenting' has more to do with poor developmental matching. Put simply, parents who raise an eleven-year-old like they did their eight-year-old may find that conflict and resistance become their constant companions, and unhappiness accompanies their child.

6. Good parenting matters
Permissive, laissez faire, autocratic or authoritative parenting? The links between authoritative parenting (a mixture of firmness, warmth and family participation) and children's happiness and wellbeing are well drawn.

7. Family dinners matter
Significant research links family strength and children's wellbeing with regular family mealtimes. Importantly, there is a high correlation between teenagers who eat with their family at least five times a week and good mental health.

8. Fun matters
Researchers believe that the dramatic drop in unstructured play time is in part responsible for slowing kids' cognitive and emotional development. Unstructured play helps children learn how to work in groups, to share, negotiate, resolve conflicts, regulate their emotions and behaviour, and speak up for themselves.

9. Helping others matters
The Positive Psychology movement know what they are talking about when they put volunteering at the forefront of an individual's wellbeing. Helping others makes you happy over the long term.

10. Emotional intelligence matters
Emotional intelligence is a skill, not an inborn trait. Kids learn best when they have concrete tools to assist their learning, whether learning to read (books come in handy), playing sport (a ball and some goalposts helps) or learning to dance (some suitable music helps).

CPS Choir Celebration!
Last Friday, the CPS Choir had a party to celebrate a wonderful year of singing together. We shared yummy food and drinks and had a sing and a dance. Each member of our choir received a certificate commending them for their commitment to attending practice every Friday lunchtime and for their wonderful performance. We invite all students to be part of the CPS 2015 Choir. Everyone is welcome!

Art Tiles Update
If you ordered an Art Tile they will be arriving at CPS very soon. The tiles will be handed out to children in their classrooms. Each tile is in a plastic sleeve, labelled with an image and the child’s name. Children need to be careful to take them home safely. Our school tile mural will be erected early in the 2015 school year. This has been such a success that if you would like to be a part of our school mural there will be another opportunity to do so in 2015.

Art Smocks!
Just a reminder to all students that an art smock is required for all arts classes to protect our uniforms from getting messy. Art smocks are available in the CPS Uniform Shop in our house colours to make it easy for students to find them in their class tub.

Teacher Talk with....

Ms McGregor

Each newsletter we will be chatting to a different teacher to find out a little bit more about them and hopefully what makes them tick. Today we talk to 6A’s teacher Sue McGregor.

Once again the Grade 6 Camera Club took Ms McGregor’s portrait and she chose Sophie Rowsell’s photograph for the article.

How long have you been at Carnegie PS?
This is my third year.

You’ve had Grade 6 for that time. Would you be keen to teach the little Preps or do you prefer the older kids?
I actually only wanted to teach the little ones and was a little unsure about teaching grade 6, but I love it! One day I would like to teach Prep though.

A few teachers we’ve interviewed have come to teaching after doing other things. Have you always been a teacher?
No, I have been a child psychologist for 17 years and spent 8 years running a school for children with emotional and behavioural problems. I visited many schools during this time, supporting teachers and students across Melbourne, but always wished I could be in the classroom with the children full time so a few years ago I went back to uni and now I get to spend every day in a classroom and I love it.

Where did you go to school? Have you always been in Melbourne?
I was born and raised in Melbourne in the outer eastern suburb of Vermont South and went to Aquinas College in Ringwood.

Did you have any influential teachers at school that inspired you?
My prep teacher was also my grade 6 teacher and I just adored her. Her name was Mrs Johnson and she always made each of us feel special and important so you couldn’t help but love her. I hope that I do the same for my students, when I am not growling at them for talking too much!

I hear you’re involved in a charity. Can you tell us more about that?
My sister and I established a charity called Helping Hand Helping Hearts in memory of my husband Nick, who passed away from heart disease in 2009. It is something that we do in our spare time and we have now saved the lives of 84 very ill children in Vietnam, whose parents were too poor to be able to afford the heart surgery their children desperately needed. In HCMC, we fund a shelter for women and their newborn babies, who would otherwise have nowhere to go. We also support an orphanage for disabled children and a shelter for homeless elderly women in Vietnam as well as some local projects here in Melbourne. 100% of every dollar we raise goes directly to our beneficiaries, which enables us to create really positive changes in the lives of those suffering from poverty and illness, both locally and overseas in Vietnam.

Where has been your favourite place you’ve travelled to and where do you hope to visit in the future?
I travel to Vietnam twice a year for my charity work and lived there whilst volunteering in 2009, so it holds a very special place in my heart. I have also been lucky enough to travel through a number of beautiful countries in Europe but the Amalfi Coast in Italy still remains my favourite place to visit. Mexico is next on my list of places I would love to go.

What is something that people would be surprised to know about you?
I am scared of all animals (especially dogs and cats) but for some reason I am not bothered by spiders, so I have been called upon a few times to remove them from the classrooms of some terrified teachers at CPS.

What do you do to relax on the weekend?
Catching up with family and friends, going to the beach or eating out.

If you could have dinner with 3 famous people from the past or present, who would they be?
Mother Theresa, Denzel Washington, Di Morrissey (whose novel ‘Monsoon’ inspired me to travel to Vietnam to volunteer as a psychologist)

Carnegie 3 Year Old Activity Group Inc. is a not for profit organisation offering children the opportunity to grow and learn through play.

Open to three and almost three year olds, our group is a wonderful alternative to local three year old kinder programs, as it's run in a semi-structured, kinder-like environment. Our Group Leader, Jody, is a fully qualified primary school teacher who's also had many years experience in the childcare industry. In weekly sessions, children can play independently or take part in group activities. As parents are welcome to stay, our group can provide an easier transition period when children haven't spent a lot of time away from parents.
